DETAILED ACTION

1. This office action is in response to the Amendment filed April 04, 2005.

Accordingly, claims 2 and 10-22 were cancelled. Currently, claims 1 and 3-9 are pending in this application.

Allowable Subject Matter

2. Claims 1 and 3-9 are allowed.

The following is an examiner's statement of reasons for allowance: none of the prior art of record fairly suggests or shows all of the limitations as claimed. Specifically,

Re claim 1, none of the prior art of record discloses, in combination with other limitations as claimed, forming a hologram pattern in the resin layer to uniformly diffuse light in all orientations by pressing an original pattern into the resin layer.

The most relevant reference, USPN 6,141,123 of Nakashima, fails to disclose or suggest pressing an original pattern into the resin layer to form a hologram pattern. The Nakashima's reference only discloses using pressing to hold the two films in position so that the laser light can irradiate the original in order to copy the photograph; thus, there is no pressing of the original hologram pattern into the resin but rather the hologram is transferred using a photographic effect.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
